INDIVIDUAL COURSES TRAINING SERIES ICAO Dangerous Goods

FIXED/ROTOR WING

IPAD COMPATIBLE

APPROX 5.0 HRS

This course is designed as multiple subjects for various jobs, including flight crews and load planners, non-flight crewmembers, passenger handling staff, freight forwarding staff, operator and ground handling staff, packers, security staff, and shippers. These ICAO Dangerous Goods courses help to promote safe handling of dangerous goods in aviation shipping and familiarize the user with applicable regulations.

For Part 135, Part 125, and Part 91 training, ICAO Dangerous Goods meets syllabus requirements of the ICAO Technical Instructions and Table 1.5A-B of the IATA DGR Guide.
