**Maintenance Ladder Safety**

**FIXED/ROTOR WING**

**IPAD COMPATIBLE**

**APPROX 0.5 HRS**

While everyone thinks they know how to correctly use a ladder, it is easy to forget that ladders can be a dangerous tool if proper precautions are not taken. Our Maintenance Ladder Safety course provides personnel with a refresher or introduction to the proper precautions to prevent accidents while using ladders.

Our Maintenance Ladder Safety course is designed to provide industry best practices and follow the OSHA regulations regarding Ladder Safety.
